

ICBA Certified

Community Bank Technology Officer

ICBA IT InstituteSM

Information technology solutions continue to evolve. This creates opportunities for community banks to increase efficiency, improve service capabilities, and better safeguard customers. This program addresses today's community bank needs for managing and maximizing technology investments and shows IT managers and officers the solutions they can utilize to help strengthen existing IT capabilities, develop operational efficiencies and business continuity solutions, and more.

Learning Objectives:

- Conduct financial overview and assess impact of IT governance.
- Perform risk assessment/evaluate emerging technology and future plans.
- Develop budgets for IT and learn to make informed decisions regarding systems selection.
- Manage projects, enhance communication, and provide mentoring/team reviews.
- Identify misconceptions and threats, analyze the cyber attack lifestyle, and evaluate real-world attack vectors in information security.
- Implement security monitoring practices and develop effective cyber incident response strategies.
- Apply FFIEC BCP guidance and implement five-phase approach to business continuity planning.

Who should attend:

- Technology officers
- IT managers
- Chief information officers

Offered once annually:

- In-person classroom settings.
- Visit icba.org/seminars for dates and locations.
